Internal Service Providers – Deacon Depot

Presenters: Nathan Anderson, Director, Financial Systems & Analysis
Michael Logan, Manager, Strategic Sourcing
What is an Internal Service Provider (ISP)?

- Internal department that provides goods or services to other departments
- Examples at other universities include:
  - Athletic tickets and box rentals
  - Conference center reservations
  - Mail services
  - Software licenses
  - Transportation services

What does an ISP have to do with Deacon Depot?

- ISP’s can be set up in Deacon Depot with catalogs of services and products, or forms
- ISP’s will expand the breadth of content within Deacon Depot to help make it your one place for shopping
Shop Via Catalogs or Forms
• Use the ‘Shop at the Top’ bar
• Utilize a form to submit requests

Update Cart and Place Order
• Update your shopping cart as usual

Electronic Requisition Approvals

PO Sent Electronically to ISP

ISP Fulfills Order
• ISP provides services or goods
• ISP creates journal entry to charge requesting department and close PO
ISP: Advantages

• Increased visibility of products and services available to the entire campus

• Electronic approval process prior to the request reaching the service provider

• Electronic repository of all orders within Deacon Depot

• ISP’s will have an automated JE process via WIN instead of manual journal entries
Internal Service Providers: Process Deacon Depot Orders

Select the appropriate filters below (the internal service provider filter is required) from the list below and press ‘submit’ in order to view all open orders:

- ISP:
  - ISP List

- PO #:

- PO Dates from: to

Search

These orders can be totally or partially fulfilled. For applicable line items, enter the quantity fulfilled. If the total open quantity exceeds the quantity that will be fulfilled and the line should be closed to further updates, click the ‘Close Line Item’ checkbox.

If a particular line item is closed, no further updates may be made to it unless a change order is submitted by the requester through Deacon Depot on a Change Order Request Form.

Enter the transaction date: [01/31/2014] Please note that the transaction date must be in an open period as well as the same fiscal year that the purchase order is in.

Once the ‘Submit’ button is pressed:
- A journal entry will be processed in Banner to record the revenue and expense.
- The encumbrance will be partially or fully liquidated and closed, if applicable.
- It may take up to two hours for the transaction to be reflected in Cognos financial reports.

By pressing the ‘Submit’ button, you certify that the order was appropriately fulfilled and authorize Financial & Accounting Services to create a journal entry reflecting this transaction.
