Importance of Fiscal Year-End Close

- Annual evaluation of financial performance at the University and Departmental levels
- Close of operating budgets
- Evaluation of effectiveness of internal control systems in place and fiduciary responsibilities
- Needed for the preparation of Financial Statements in accordance with U.S. GAAP for:
  - External Audit (KPMG)
  - Board of Trustees
  - Bond Holders
  - Department of Education
  - Donors
  - Tax Returns
  - Insurance Providers
  - Banks

The Wake Forest University fiscal year 2012 Financial Statements can be found at:

http://finance.wfu.edu/audited-financial-statements
“In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Wake Forest University as of June 30, 2012, and the changes in its net assets and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.”
• KPMG, LLP will be conducting the external audit

• Preliminary Fieldwork, including an assessment of internal controls, will begin on May 20\textsuperscript{th}

• KPMG will return in mid-August to audit the University’s financial statements

• Audited financial statements and communication regarding internal controls will be presented to the Board of Trustees in October
"That’s the last box ticked—has anyone anything further to raise?"
U.S. GAAP – generally accepted accounting principles, in the U.S., are the accounting rules used to prepare, present, and report financial statements for non-profit organizations.

- **GAAP includes the standards, conventions, and rules for recording and summarizing transactions, and for the preparation of financial statements.**

- **Requires that WFU prepare financial statements using the Accrual Basis of Accounting.**
What is the Accrual Basis?

**Accrual basis** is the accounting method that records financial transactions by matching revenues to expenses at the time in which the transaction occurs rather than when payment is made or received.

**Accrual Examples:**
- Accounts Payable — *(used in fiscal 2013, paid in fiscal 2014)*
- Accounts Receivable — *(earned in fiscal 2013, received in fiscal 2014)*

**Deferral Examples:**
- Prepaid Expense — *(paid in fiscal 2013, used in fiscal 2014)*
- Deferred Revenue — *(received in fiscal 2013, earned in fiscal 2014)*

**Fiscal year-end accruals will reverse in July 2013.**

2013 Fiscal Year-End Closing Guidelines

Jennifer Killingsworth
Assistant Director, General Accounting
Agenda

• Fiscal Year-End Close and Your Role in the Process

• Fiscal Year-End Closing Schedule with Key Dates

• Fiscal Year-End Guidelines
  o Financial Accounting & Reporting (FAR)
  o Accounts Receivable (AR & SFS)
  o Payroll

• Questions
Fiscal year is July 1\textsuperscript{st} through June 30\textsuperscript{th}.

Year-end close is performed to finalize a snapshot of transactional activity for an entire fiscal year. Processes are performed to ensure that all transactions are posted and reflected on the financial reports.

Most processes at year-end occur throughout the year. The only change for year-end is proper management of June and July cut-off dates.
What is the objective of year-end Close?

To record **ALL** receipts/revenues and disbursements/expenses in the proper fiscal year.
Who’s involved?

The entire campus community is one team working in tandem.
What is your role?

• Review your reports and research any unusual or incorrect items (should be done throughout the year) as soon as possible.

• Ensure proper cutoff for transactions during June and July.

• Make sure all deadlines are met and that you have followed all year-end procedures that will be discussed today.

• Please ask questions if you need help!!

Accounts Receivable (AR and SFS)

GUIDELINES
Cash Receipt Deadline
Tuesday, July 2\textsuperscript{nd} at 4:30 PM

Reminder: If making a deposit after June 30\textsuperscript{th} that relates to fiscal 2013 activities, tell the cashier that the transaction should be posted to fiscal 2013.
"A vault? Yes Sir, I'll be sure to pass your suggestion on to management."
Cash not received by June 30th

If a service was performed by June 30th and payment has not been received by the cash receipt posting deadline (Tuesday, July 2nd), we must evaluate the documentation to determine if we need to accrue (record in a journal entry) the revenue. Please complete and submit the Deposit Accruals Form to Karen Brown at brownkm@wfu.edu. The form can be found on the Financial Reporting webpage by clicking on the Forms tab.

Example: A department receives cash after July 2nd for revenue that was earned in fiscal 2013. This item may need to be recorded as a receivable due to WFU in fiscal 2013.
Deferred Revenue

Cash received prior to June 30th for services not yet performed

If cash has been received prior to June 30th for a service that will not be performed by June 30th, we must evaluate the documentation to see if we need to record the payment as deferred revenue. Please complete and submit the Deposit Revenue form to Jennifer Killingsworth at killinjl@wfu.edu. The form can be found on the Financial Reporting webpage by clicking on the Forms tab.

Example: A department receives a deposit in fiscal 2013 for a conference that will be hosted in fiscal 2014. This item may need to be recorded as deferred revenue in fiscal 2013.

2013 Fiscal Year-End Closing Guidelines-Accounts Payable

Allison Belton
Director, Accounts Payable
"I think we should pay the electricity bill first."
The appropriate documentation must be submitted by at least July 11th in order to be recorded in fiscal 2013:

- Invoices
- Travel expense reimbursements
- The July 1st Pcard statement (due July 9th)
- Documentation to clear advances in fiscal 2013

Travel and Entertainment Voucher and Expenditure Voucher forms can be found at:

http://finance.wfu.edu/faculty-staff/travel
Criteria for processing vouchers in fiscal 2013:

• The transaction must be properly completed and approved

• Goods and services must be received or performed no later than June 30\textsuperscript{th}
  • Freight on Board Shipping Point—WFU takes ownership when the goods are placed on the dock to be shipped at the supplier’s warehouse
  • Freight on Board Destination—WFU takes ownership when the goods are received at WFU

• The vouchers need to be received in AP by either of the two closing deadlines (July 2\textsuperscript{nd} and July 11\textsuperscript{th})
When do we need to accrue?

1. If a good was received or the service was performed by June 30\textsuperscript{th} AND
2. an invoice is not received prior to the close dates.

Items that may be accrued:

- Employee reimbursements
- Outside service contractor invoices
- Supplier invoices for goods
If your department has expenses that need to be accrued, you should submit documentation that provides price (quote), name of the supplier, and items purchased.

The documentation could be in the form of:
- Quote
- Requisition
- Contract

Documentation to support an accrual should be sent to AP prior to noon on July 16th.

Please do not send documentation for an accrual if:
- You have an open purchase requisition in fiscal 2013
- You receive an invoice prior to the second departmental close
Prepaid expenses are expenses that cross fiscal years due to the service or coverage period associated with the purchase.

Expenses that are usually considered prepaid:
- Service contracts
- Subscriptions
- Maintenance agreements
- Software license agreements

If you have an invoice that crosses fiscal years and the total is $10,000 or more, FAS will review the invoice to see if the appropriate coding is recorded.

If there are any changes to the account code, AP will contact you and also give you information on when a journal entry will need to be made to remove the item from the prepaid account.
