Traveling Domestically—Quick Guide

**Items to Consider Before Traveling Domestically**

- Plan carefully before you travel:
  - Obtain any prior approvals
  - Check the policies to see if anything has changed
  - To ensure the most economical travel, book the travel as far in advance as you can—at least 2 weeks out, if possible
  - Know your funding sources and check your budget
  - If you use a personal credit card versus the University Procurement Card, reimbursements will not be processed until after the trip and all expenses can be accounted for
  - Reimbursement requests will be set for payment 10 calendar days after review in AP
- Ensure all expenses are necessary, proper and reasonable. The University asks that we use the most economical means of travel
- Upgrades for class and preferred seating are generally not allowable expenses
- Remember to keep all detail and summary receipts for items purchased or services used while traveling
- Refer to the Travel Receipts Quick Guide for more information on required documentation
- The University does not allow a per diem for domestic travel
- Review the Travel Procedure, Schedule E, for non-reimbursable items

**Items to Consider After You Return from a Domestic Trip**

- Any advance money not used should be repaid to the Cashier’s window in Reynolda Hall
- Any documentation not submitted within 60 days from date the expense was incurred or 30 days from return of trip, whichever is later may be considered compensation
- The documentation requirements defined in University policies and procedures should be followed
  - There are several useful quick guides relating to documentation and receipt requirements
- Obtain proper approvals for all funding sources
- Submit complete documentation to Accounts Payable located at the UCC
