

## CAMPUS FINANCIAL REPORTING

### Quick Reference Guide

### Launching Cognos & Navigating to Reports

---

To launch Cognos 10.1, open Internet Explorer, navigate to <https://cognos.wfu.edu/> and enter your network username and password.

To navigate to the reports, follow this path: **Public Folders > Finance > Financial End User Reports.**

### Data Source Refreshes

---

The summary and detail report data both come from the finance data warehouse (EDWFINPROD). This information is updated on the following schedule:

Sunday through Friday: 5am, 10am, 12pm, 2pm, 4pm, 6pm

Saturday: 5am, 12pm, 2pm, 4pm, 6pm

### Report Choices

---

Summary Reports	Detail Reports
Account Analysis	Accounts Payable
Activity	Agency
Budget Officer	Encumbrance
Endowed, Designated, Restricted Contributions, Center Grants, Start Ups & Student Loans	PO - Invoice Reconciliation
Fund Balance	PO - Invoice Reconciliation with Line Items
Grants	Reserve Funds
Locations	Salary & Fringe
Operating	Salary & Fringe Encumbrance
Operating Including Activity & Location	Transaction
Projects	

There is also a report called 'Access – My Security' designed to display accounting element security.

## Output Options

---

After a report is run, there are several options to export the report in different formats:

Toolbar Action	Icon	Notes
Run the report again		Users will be prompted for any parameters again; the parameters from the last run will be pre-populated.
View in HTML Format		This is the best option for viewing the report online and will allow drill-down capabilities.
View in PDF Format		This is the best option for printing (except Detail and Budget Officer reports).
View in Excel 2007 Format		This is the recommend Excel output option. If users run a summary report for multiple chart elements, each element will display on its own worksheet. The Parameter Page will also be on its own worksheet.
View in Excel 2002 Format		This option is similar to the Excel 2007 option but is for those who do not have an upgraded software version.
View in CSV Format		This option allows users to save the data in a text file.

## Getting Further Assistance

---

Questions about the reports should be directed to the appropriate office:

Technical Assistance	x5298
Center Grants	x4189
Deposits / Accounts Receivable	x5234
